.. Products & Services //..

## Signage //..

Whether you require a one off or a complete series, we can produce & fit, both internal & external signage of all types.

Shop window graphics are a fantastic way to impart information to potential customers, or enhance your shop frontage.

Our signs are produced using a number of different processes, straight forward text & shapes are cut from high grade long life exterior vinyl and full colour images & complicated graphics are printed onto high grade exterior vinyl using fade free ecosolvent inks.

## Vehicle Liveries //..

Be seen around town with our vehicle Liveries service. Choose a bold advertising message on a van or a more subtle corporate feel for executive cars.

Our Vehicle graphics are produced using a number of different processes, straight forward text & shapes are cut from high grade vehicle vinyl and full colour images & complicated graphics are printed onto high grade exterior vinyl using fade free ecosolvent inks.

We can print & cut any shape & apply it to your vehicle.

We offer special rates for signage & vehicle combinations.

## Roller Banners //..

We produce & supply 3 types of Roller Banner systems with graphics.

All graphics are printed on high quality pvc with fade free ecosolvent inks.

The graphic in our Economy & Premium systems is laminated for extra protection.

All our systems are guaranteed for 5 years.

We can change the graphic in your system at any time, no need to buy a new system when you want to change your graphic.

..

**High  
Quality**

**Excellent  
Results**

**Great  
Response**

## **Print & Cut Decals & Short Run Posters //..**

### PRINT & CUT DECALS

We have the latest technology which enables us to print onto self adhesive vinyl and cut to any shape, ideal for machinery & safety labels and promotional stickers.

We also provide a "doming" service for those extra special stickers

### SHORT RUN POSTERS

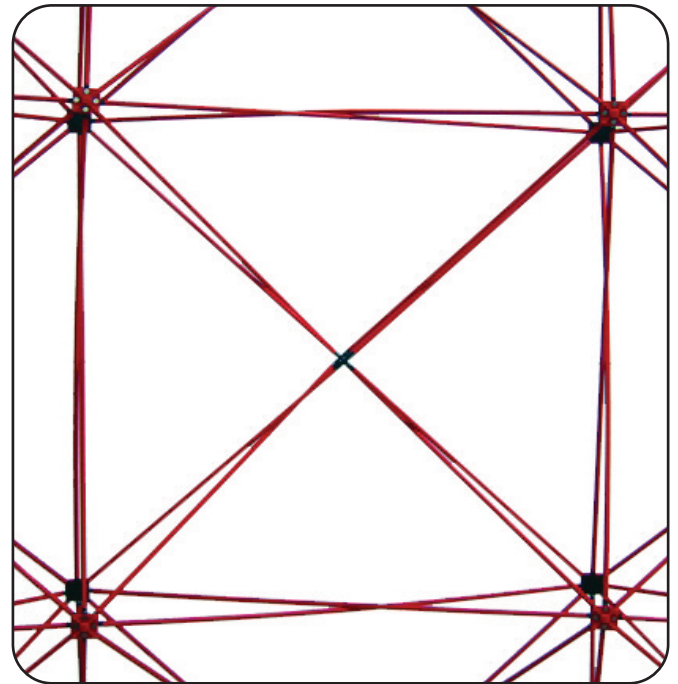

From 1 to 100 off, our short run poster service uses high quality 210gsm poster paper and ecosolvent ink for fade free stunning printing. For exterior posters we use blue back water resistant paper.

## **Exhibition Graphics //..**

We still have at our core the good old exhibition graphic panel consisting of high quality print mounted & sealed to foamex, polyboard, mount boars, mdf, pvc etc.

We encapsulate in house with a max width of 1M by any length in gloss or matt.

Light box graphics are printed on back lit film in stunning colour.

## Pop-up Systems //..

### POP-UPS

Curved or straight, many sizes & configuration available.

These display packages are ideal for small areas, or space only exhibition stands. Made in the U.K. with a 10 year guarantee.

You can make interesting use of space by combining 2 or more systems to form curved graphic walls, shelving & monitor panels can be incorporated in your graphics to add an extra dimension to your displays.
